Laurel Dispatch

Government to the People

Winter 2020 Volume 5, Issue 1

Laurel Celebrates 150 Years in 2020!

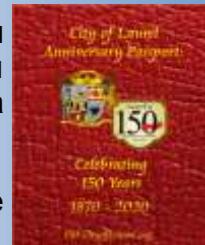

The City of Laurel is celebrating its 150th Anniversary with a year-long series of special events focusing on the theme "Laurel Is".

Each month in 2020 will be dedicated to something that "Laurel Is." For example, in April - Laurel is Green and in July - Laurel is Patriotic.

There will be a ton of events from old favorites to a few new ones like the Laurel Historical Society 150th Gala on the day of Laurel's incorporation date, April 4, 1870. And Celebrate Laurel Today: A 150th Birthday Bash on September 26, 2020, will commemorate Laurel's diversity and inclusivity. We'll host a day-long trip around the world for a taste of all the cultures, traditions, food, music, and people who call Laurel home.

You will also need to pick up an Anniversary Passport! As you attend each event, you can receive a stamp that will get you one step closer to having your passport added in for a drawing to win prizes in three different age categories!

Get ready to honor our past, to show our progress for the promise of Laurel's future!

Visit the 150th website, 150.CityofLaurel.org, for information on how to get an Anniversary Passport, how to give information on your Laurel Descendants and how to be a sponsor. We could use your help!

Let's get ready to celebrate! Happy 150th Birthday Laurel!

Census 2020

Every 10 years, the Census Bureau gathers current facts and figures about America's people, places and economy. The statistics that they pull together are then used to:

- Determine how many representatives each state gets in Congress and to redraw district boundaries.
- Communities use the statistics to plan for residents needs like roads, schools and emergency services.
- Businesses use the data to determine where to open shops.

The invitation will come via the mail before April 1, 2020, so be sure to keep your eyes open and plan on participating to help Laurel receive all the benefits we can from this Census!

Every household will have the option of responding online, by mail or through a phone prompt. All information is confidential and protected.

Census Day is April 1, 2020! For more information, visit www.cityoflaurel.org/census

Holiday Season

With the New Year, Martin Luther King, Jr. and Presidents' Day holidays all approaching, we ask for everyone to please be safe. Enjoy time with your friends and family, but please Don't Drink and Drive. Get a designated driver or call a cab.

Please stay vigilant. Package thefts do still occur long after the Christmas season is over. We are working to stop them, but do what you can to prevent them:

- Track your orders.
- If you live in an apartment complex, see if you can have it delivered to the office.
- Try working with your neighbors on looking out for each other.
- If your package is stolen or even just tampered with, do not hesitate to call the Laurel Police at 301-498-0092.

Road Safety: With the arrival of Winter means snow! Give yourself extra time to get to your destination. Remember the three things that cause you to lose control of your vehicle: Over Accelerating, Over Braking, and Over Steering. And be very careful with black ice. If you can stay home, then stay home. If you have to go out, please be careful and don't let your vehicle warm up unattended. If it is unlocked, it is illegal and invites car thieves.

When there's lots of snow on the roads, monitor the City of Laurel and LPD's websites and Facebook pages. If a snow emergency is declared by the Mayor, please check your streets to verify if you live on a Snow Emergency Route. Vehicles are not allowed to be parked on the even side of the street, so remember ODD is OK for parking your vehicle.

Have a safe New Year!

Fire Marshal/Permit Services

With the arrival of cold weather, it is important to remember that snow, icy conditions and dangerously cold temperatures can occur at any time. Please try to follow these safety tips:

- Keep an emergency supply kit in your home that includes a battery-powered radio with extra batteries, canned food and a manual can opener, flashlights and battery-powered lamps for power failures, wood for fireplaces, and rock salt to melt ice and sand to improve traction.
- Make sure your car is in proper working condition and includes blankets, warm clothing, booster cables and tools, bottled water, dried fruits and nuts, a first aid kit, a fire extinguisher, flashlights and batteries, a shovel and ice scraper.
- Wear layers to protect yourself from the cold. A hat, scarf and mittens are also essential protection against winter weather.

Snow and Ice Removal

Sec. 18-181.2 of the Municipal Code states that the owner or occupant of a property is responsible for the removal of snow and/or ice from any sidewalk abutting the property. Removal of snow must be completed within 12 hours of the cessation of any snowfall. Likewise, removal of ice must be completed within 12 hours of the formation of such ice.

Due to the public safety issues attributed to snow and ice, any violation issued must be corrected immediately. Failure to comply can result in a fine being levied against the property owner.

Portable Generators

Useful during power outages, many homeowners are unaware that the improper use of portable generators can be risky. The most common dangers associated with portable generators are carbon monoxide (CO) poisoning, electrical shock or electrocution and fire hazards. Downed utility lines, power company blackouts, heavy snow falls or summer storms can all lead to power outages. Many people turn to a portable generator for a temporary solution without knowing the risks. Generators should be operated in well ventilated locations outdoors away from all doors, windows and vent openings. Never use a generator in an attached garage, even with the door open and place generators so that exhaust fumes can't enter the home through windows, doors or other openings in the building. Make sure to install carbon monoxide (CO) alarms in your home. Follow manufacturer's instructions for correct placement and mounting height. Turn off generators and let them cool down before refueling. Never refuel a generator while it is running. Store fuel for the generator in a container that is intended for the purpose and is correctly labeled as such. Store the containers outside of living areas.

With cold nights upon us, you may choose to use your fireplace to heat your home. Follow these Fireplace Safety Tips:

- Only burn dry, cured wood.
- Burn firewood and ONLY firewood!
- Close the damper when not using your wood fireplace.
- Keep bifold glass doors open when burning a fire.
- Have a chimney cap installed.
- Replace a poorly sealed damper to prevent heat loss.
- And have your chimney inspected and cleaned!

Descendants Search

If you have a family member who lived or worked in the Laurel area prior to 1920, the 150th Anniversary Committee wants you!

We are collecting names of early Laurel residents and their direct descendants, including, but not limited to, those who still live in this area. A direct descendant is someone who can trace their lineage by "child" relationship (blood relative) back to the desired ancestor.

Descendants will be recognized at the "Celebrate Laurel Today!" event on September 26, 2020.

We'd also like to collect and share your ancestor's Laurel stories during the anniversary year. Did they farm? Work in the mills? Work for the railroad, own a business, work for the government, or work as hired help? Their names and stories are important. Go to the website, 150.CityofLaurel.org to learn more!

The Celebration begins! The Mayor and City Council of Laurel kick off the City's 150th Anniversary Celebration at their first meeting of the year on January 13, 2020, starting at 6:00pm in the Council Chambers. The 150th Anniversary Committee will reveal the celebration's theme and highlight some of the year's events.

Please join us for a Memorial Wreath Ceremony celebrating the life of Dr. Martin Luther King, Jr. on Friday, January 17, 2020, at 4:00pm at the Laurel Municipal Center.

The 2020 Census is coming up! It is important that everyone is counted and responds to the Census. Citizens can respond to the Census online, by mail or phone, or a Census representative will visit your home in person. The Census data is **completely** confidential. The Census results are used to determine how federal, state and local funds are distributed for things like public health programs, education and infrastructure improvements. For more information, please visit our 2020 Census web page by visiting: www.cityoflaurel.org/census.

As we usher in 2020, a quick look around town will show you great progress in our economic development endeavors, improved and enhanced infrastructure, creatively designed parks and recreational sites as well as our initiatives to maintain a safe, clean and well-groomed city. Old buildings are giving way to new ones; redevelopment initiatives continue; public safety and improvements to our roadways and parklands are as high on our list as ever! And inside your local government, our City teams are working hard to see to it that your City tax dollars are wisely and purposefully used.

I am pleased to announce that the City of Laurel's Office of Economic and Community Development (ECD) was the recipient of a \$55,000 grant from the State of Maryland's Department of Housing and Community Development. To be recognized as a vital part of the State of Maryland can only help us further support our local business owners. Receiving this funding can go to help enhance business workplaces and is one of the ways we can support Main Street in their bid to bring more diverse businesses to Main Street. If you are thinking of starting a business in Laurel, please contact Leigha Steele of the Department of Economic and Community Development for more information on grant opportunities at lsteele@laurel.md.us or call 301-725-5300 ext. 2302.

The City's Annual Open House is scheduled for Sunday, March 1st, at the Laurel Municipal Center. We'll showcase the best civic organizations and volunteer opportunities available in and around Laurel. It's a family fun day with lots to learn and lots of people to connect with. I hope you'll be there!

See you around town!

Craig
